Delivery charges : Models 50 watt to 130 watt - R114, Models 300 watt to 2000 watt - R130, Model 5000 watt - R180 , Delivery charges inc vat within SA

All DW models from 100W to 5000W inclusive are fitted with a Voltage input Switch. Step up or down, input on short lead with 3 pin SA plug. Select converter model that is rated minimum 40% higher than your appliance

The switch selects either 220v or 110v as mains input. Converter is set at default position (220v) when used in SA

If switch is on back panel is on 220v (Factory default setting) the output on front panel will be 110v ac
